PLACED IN POSITION

The Corner Stone of the Lutheran Church Was Laid.

TWO VERY POWERFUL SERMONS

Reverend Hoh, of Wheeling, and Reverend Geissinger, of Pittsburgh, Made the Principal Addresses—The Congregation and Their Friends Were Present.

Almost 500 persons were present at the laying of the corner stone of St. John's Evangelical Lutheran church yesterday afternoon.

The services were opened with a prelude by Miss Ida Agner, after which the choir sang in German the beautiful hymn "With the Lord They Work Begun." Reverend Reinartz pronounced the invocation, and Psalm 87, closing with Gloria Patri was repeated responsively by pastor and choir. The scripture lesson was read, and the creed was repeated in concert, after which the choir sang "Jerusalem," Miss Gertrude Agner taking the solo part. Rev. Ph Hoh, of Wheeling, delivered an address in German in which he congratulated the members of the church on the erection of a new edifice, and closed by saying that Jesus Christ was the founder of the Lutheran religion, and that it was the duty of all the members to see that their church was based on as solid a foundation. After he had closed Psalm 84 was read by Rev. R. M. Smith, of Baden, Pa. Rev. D. H. Geissinger, Pittsburgh, then made an English address saying:

"It would be a matter of greatest joy to the members and pastor of the congregation to be able, by their united efforts and prayers, to build a house in which to assemble and worship the living God. There should be great rejoicing by the citizens of the community, believers or not believers. The benefit and blessings of religion go out like the sun and rain to believers and unbelievers alike. Every city is benefited by the upbuilding of Christian civilization. When a Christian church is built in a city that city should rejoice. Let us all today congratulate those who are immediately connected, and be thankful to God that his kingdom is expanding." The reverend gentleman said he wanted to impress two or three things, the first being that "the corner stone represents the unity of the church, as all the walls meet at the corner and bind the church together, the beauty and strength of the church being represented in the corner stone. Jesus Christ is the corner stone of the living church, ameliorating between an alienating humanity and God. He is the strength and beauty of glory, and all human lines meet in him. Christ is the eternal corner stone. We have no confidence in anything else. The thought that Christ is with us is why we press on against an antagonistic world. And now greeting all, and hoping and praying that the building of the church will be the salvation of many souls and the uplifting of humanity, I bid you pray, work and hope that God will bring it to pass that the church will become all powerful and its influence will be felt in every home in this community."

While the choir sang a hymn in German the offering was taken. Reverend Reinartz then led in prayer, and the congregation repeated the Lord's prayer. The ceremony of laying the corner stone was then carried out. All had been prepared, and Messrs. Kerr and Dickey were waiting to put the box and its valuable contents in position. Reverend Reinartz pointed out the various articles to the congregation, the box was cemented in its place, and the ceremony was ended.

Work on the building will now be pushed as rapidly as possible, and when it is done the city will have another church edifice of which it can well be proud. The members of the congregation are helping in every way possible, and Reverend Reinartz is enthusiastic. The church will be dedicated early in the fall.

The corner stones of two Lutheran churches were laid in Pittsburgh yesterday afternoon.

AT SPRING GROVE.

The Services Were Good but the Attendance Small.

No more than 733 people in addition to the cottagers attended services at Spring Grove yesterday. Reverend John delivered two powerful sermons, and the singing of Mr. and Mrs. Vincent was enjoyed by all who heard them. The larger part of those present came from this city, although there were a number from the country and Wellsville. Services at the camp ground will continue during the week. Reverend John has gone, but the promoters of

the meeting will have other ministers conduct the services.

EXCELLENT ADDRESSES.

Reverend Paddock Drew Large Crowds to the Presbyterian Church.

Reverend Paddock, a Presbyterian minister of Vermillion, S. D., who is the guest of F. H. Croxall, occupied the pulpit at the First Presbyterian church yesterday. The gentleman is an excellent speaker, and delivered two powerful sermons. Miss Alice Goodwin sang beautifully at the morning service, and Miss Besse Jerome, of Minerva, was the soloist in the evening, the little lady greatly pleasing the audience by her excellent rendition of "Jerusalem."

DEFEATED AGAIN.

The Eclipse Boys Went Down Before Marietta.

The Eclipse were defeated at Marietta last Saturday by a score of 7 to 1. A letter from Godwin says McNicol and Kennedy are playing phenomenal ball. Lynch is pitching a good game, and is well supported by Baxter, as not a base has been stolen on him. Twaddle is surprising the people by his hard hitting, and it is probable that he and McNicol, the favorites, will be signed by Marietta if the Ohio Valley league is formed. The club has asked for their terms.

The Columbus were defeated at Wellsville, Saturday, by a score of 5 to 1. The Stars and the Young Men's Christian association clubs will play at West End park next Saturday.

Bert Irons is making a record for himself this season, and seemed to have no trouble in defeating a large class of riders at Pittsburg on Saturday. The Dispatch has the following to say of the races:

"The half mile bicycle open was a fine race, with an exciting finish, Irons winning by a good margin from his rival, Quimby. The mile race went exactly the same way, and it looks as if there is no one here now to dispute Irons' supremacy. In the mile handicap he beat Quimby, the other scratch man, out again, though neither of them won a place."

Manager Morris has cancelled the Carnegie Athletic club games on account of wet grounds. The club will take a trip to Bellaire, Sistersville, Parkersburg and Marietta next week. They will meet the same teams the Eclipse boys are playing.

In the game at East Palestine, Saturday, Percy Albright had his finger nail torn off and his arm badly hurt by being hit with a pitched ball. Mulvehill, the catcher of the East Palestine team, had his nose broken in the same game.

Two thousand people saw the Eclipse team defeated by Sistersville at Blennerhassett island yesterday. The score was 8 to 5, and both teams played good ball.

A HIGHER AUTHORITY.

It Can Sit Down Upon the Tax Inquisitor.

Those persons not acquainted with the provisions of the law allowing the existence of the tax inquisitor will be pleased to know that there is a higher authority. Should the inquisitor demand more than his right the matter can be carried to the state board of reviews, which is composed of the auditor, attorney-general and the governor. Their decision is final, and from it there is no appeal. Their first decision was in the case of a Marion concern. From its members the inquisitor sought to collect \$26,000. He was persistent in his demands for the money, but the company carried it to the board and won the decision. The reason given was that the demand of the inquisitor was without excuse.

RECOMMENDED FOR PARDON.

The Movement in Favor of Wintergill Goes Forward.

The board of pardons held a session last Saturday, and when their work was done presented a long list of recommendations for pardon to Governor Bushnell. Among the names is seen that of Ralph Wintergill, the man in whom so many Liverpool people are interested. The board did not make a special recommendation for Wintergill, and the relatives who live here will not allow the governor to pardon him without an effort to prevent it.

CLEANING THE CHANNEL.

The Snagboat Woodruff is at Work in the River.

The snagboat E. A. Woodruff went up the river on Saturday, and is now at work on the wreckage at Merriman's and Deadman. The boat is in command of Captain W. H. Christian, well known in this city, and will work its way down the river to Cincinnati. There is a vast amount of sunken coal and barges in the river bed, and the captain hopes to clean them all out before winter chases him to the south. The Woodruff was held here for many weeks last year because of low water.

AFRAID OF A TARIFF

The London Pottery Gazette Speaks Right Out.

VERY BAD FOR BRITISH TRADE

Would be the Return of the Republican Party to Power—Not a Kind Word for the McKinley Bill—English Potters Fear the Protective Policy.

The London Pottery Gazette, the most powerful organ of the potters of England, has the following to say concerning the coming election in this country:

"We do not like to interfere with politics, either our own or those of another country. The rule with us is that, as a trade journal, we do not know any political party—as such. But sometimes politics have a very material influence on trade, and then we cannot help recognizing them. This was our experience some time ago when the United States import duties pressed so heavily on our trade with America. The McKinley tariff was once a household word with all who exported goods to America—and it was not a kind word, either. We are likely to hear of it—or of another very like it—again soon. It is more than probable that Mr. McKinley will be the next president of the United States. The return of this extreme protectionist to power will be an unfortunate event for British trade in general and for the china trade in particular. The import duties on the best descriptions of china were at one time almost prohibitory. The measures which usually precede the election of president in November, and which are now in progress, are being regarded with more than ordinary interest by our manufacturers and exporters. Experience has taught men of business that Mr. McKinley's return will almost certainly be followed by a higher tariff and by a commercial war even more bitter than that which we experienced under his rule before. Unfortunately for trade, there seems now but little prospect of this war being avoided. But what are American citizens thinking of to return to a fiscal policy for which they paid so dearly before?"

The election of Major McKinley when viewed from the standpoint of the Gazette would not be a good thing, but the potters of America realize that a policy that is good for their brethren is of no earthly use to them, and usually costs a vast amount of money.

MARLATT IS DANGEROUS.

An East Liverpool Man Saw Him in the Pen the Other Day.

While George H. Owen was in Columbus he called at the penitentiary, and had a talk with Wintergill and Marlatt. Wintergill is foreman of the patching department, and the guard said he had the best reputation for the past 15 years of any man in the institution, and would very likely be pardoned. In striking contrast is Marlatt, who has the worst reputation of any man in the place. At present he is confined in a steel box in the second story of the asylum. The box is placed inside of a cell, and when it becomes necessary to open the door the work is done with a long club in order that Marlatt cannot injure any one.

A SLEUTH

Asked the Toronto Police for Aid in Capturing Liverpool Burglars.

An East Liverpool man, posing as a genuine old sleuth, was in town yesterday hunting Toronto's police force to assist him in nabbing several of the ferocious highwaymen who have been operating in this vicinity, and whom he said had been located here. The would-be detective told every stranger his business, winding up with, "we get 'em every time," but from all appearances he already "had 'em." Marshall Baker accommodatingly assured the sleuth that he would hunt them down, and the detective returned home perfectly satisfied. —Toronto Tribune.

IN CRIPPLE CREEK.

A Former Resident of This City is Gathering Gold.

It is said that a young man of this city, who left between two days some time ago, has settled in Cripple Creek, and is now engaged in the pleasant pursuit of gathering gold. His friends say he has an unusually good opportunity for a stranger, and is determined to make a fortune if it can be done by hard work.

BURNED THE SALOON.

A Wellsville Place Went Up in Smoke Yesterday.

Fire was discovered in Bruggemeyer's saloon on Third street, Wellsville, about 1:30 Sunday morning, and the depart-

ment was hastily called. The building was badly damaged and a great deal of liquor destroyed. The origin of the fire is unknown, and the loss will amount to \$1,600. The building is insured for \$1,000.

CHASED A BURGLAR.

Will Specht Followed a Man With a Shot Gun.

Thieves attempted to enter the house of Benjamin F. Specht, Elm street, last night.

The family were away from home with the exception of two daughters, who were sitting on the porch in the front part of the house. About 10:30 a man walked up to the porch, and almost ran into the young ladies. He said nothing, but turned and went away. In a short time the girls heard a noise at the back part of the house, and upon looking saw a man peering in at a window. They started to alarm the neighbors, but met Will Specht, who was returning home. He entered the house, and going to the back door threw it open in time to see a fellow make his way toward the coal house. The man hid himself behind the coal house, and Specht went back into the house for a shotgun. Seizing the weapon, he started for the coal shed, but the man ran away and had a good lead, going down Robinson street at a rapid rate. People who were passing along the street saw the man running, but did not think anything of it until they saw Specht coming over the hill with a shotgun.

TAKING A REST.

The Lawyers Will Commence the Annual Loaf on Thursday.

The Southern Columbiana County Bar association will begin their annual vacation on Thursday, and will close their offices until Aug. 10. Solicitor Grosshans will go to Atlantic City for a few days, and will then visit eastern cities, taking a trip up the Hudson before he returns. H. E. Grosshans leaves this afternoon for New York City. A. W. Stevenson will go to Atlantic City. J. H. Brookes will visit the principal eastern cities. W. B. Hill will go to Marquette. W. M. Hill will spend a week with Company E in camp, and from there he too will go to Marquette. Col. H. B. Hill will go to Chautauqua, and John McGarry will take a trip up the lakes.

THE CHELSEA TROUBLE.

All Sorts of Rumors Are Floating Around Cumberland.

"It is said that the Chelsea China company will use up their present stock of clay and shut down indefinitely," says the Cumberland Independent. To this the Toronto Tribune adds: "It is understood from reliable sources that there are serious disagreements existing between several of the heaviest stockholders of the Chelsea, and which could not be satisfactorily adjusted at a meeting held the other day in the company office."

The story was circulated in this city today that the heirs of the late Mr. McKelvy were anxious to get their money out of the plant, and wanted to wind up the business of the concern.

DRINKING PARTIES.

A Favorite Sunday Amusement Becoming More Popular.

A farmer who resides a short distance from the city is responsible for the statement that drinking parties are becoming more popular with East Liverpool young men. He yesterday saw a number of wagons, each containing a quantity of beer, pass his place. They were invariably followed by a party of young men, who sought some secluded spot, and spent the day in drinking and carousing. They greatly annoyed the farmers, and the gentleman was wondering what means he could take in order to kill the practice.

HIGHWAYMEN IN CUMBERLAND.

They Held Up a Party of Peddlers on Saturday.

New Cumberland is somewhat excited over the fact that three peddlers were held up by highwaymen last Saturday night. The peddlers were stopped by four masked men at the outskirts of the city, and told to hold up their hands. One of the peddlers ran, but the other two were searched, and \$75 taken from them. The thieves are known to the authorities, and will be arrested as soon as they can be found.

WANDERED AT WILL.

Harry Sutton Fell Down a Flight of Stairs While Asleep.

Harry Sutton, a well known young clerk, is a somnambulist, and today suffers from the effects of a fall. He arose from his bed on Saturday night, and walked around the house. During the walk he fell down a flight of stairs, and injured his leg. The hurt is not serious.

NO RECEIVER CHOSEN

Street Railway Company Settled With Its Opponents.

THE APPLICATION WITHDRAWN

Judge Johnson Was Ready to Hear the Arguments—Petitions Were Liberally Signed on Saturday—They Ask the Commissioners to Compromise.

It will not be the fault of the people of East Liverpool and Wellsville if the street railway company and the county commissioners fail to reach an amicable adjustment of their affairs without going into court.

The case is listed for trial, but an effort is being made to settle today. W. M. Hill spent the greater part of Saturday afternoon in circulating a petition asking the commissioners to settle, and impressing upon their minds the importance of the line to the southern part of the county. The number of signers secured in this city was 280, while Wellsville gave 250, and the East End showed its appreciation of the line by adding 100. The great majority of these are business men and individuals of importance in the community. All are deeply interested in keeping the line here, and would like to see the matter settled. The attorneys will meet this afternoon and discuss the case, and, if possible, an agreement will be made.

The motion for the appointment of a receiver for the road was argued in Youngstown on Saturday afternoon. The attorneys were all present, and Judge Johnson was on the bench. No receiver was appointed, nor did the application go to a hearing. An attempt to settle the matter was successful, and the people who wanted a receiver to look after the business of the company decided to withdraw the application. Judge Wells appeared for Hannah Hanahan and Judge Blandin for the company. The terms of the settlement are not given out. This removes a stumbling block from the way of the company, and allows them to keep their hands on their own business.

LEVIED ON THE PROPERTY.

A Pittsburg Paper is After Hartley Ellis.

Some time ago Hartley Ellis, the agent of the Pittsburg Dispatch in this city, had some trouble with the company, and they sued him in addition to depriving him of the agency. Then Ellis brought suit for damages in the sum of \$5,000, but was beaten in court. The paper got a judgment, and Deputy Supple came from Lisbon on Saturday evening and levied on the property. The bill amounts to about \$500.

BEYOND CONTROL.

A Street Car Got Away From the Motor-man.

When Motorman Christie was taking a car down the Washington hill on Saturday night it got beyond his control, and had soon attained a high rate of speed. E. H. Laughlin, of East End, was the only passenger, and he jumped when the car was near Second street. He was not hurt, but he lost his watch. The car kept the rails when it reached the curve, and there was no other damage.

ROUTINE BUSINESS

Was Transacted by the Poultry Men at Their Meeting.

The Tri-State Poultry association met in city hall Saturday night, and transacted some business. Only a few routine matters were acted upon, and another meeting will be held in two weeks. Frank Knowles resigned the office of treasurer, and Charles Howe was elected to fill the vacancy.

Not Yet Called.

The Methodist Protestant congregation have not yet called a minister to fill the place of Reverend Whitehead. There is a possibility of the delegate being sent without instructions to the conference, in which event the church will be supplied until a suitable pastor can be found. Some action may be taken at the congregational meeting next Sunday.

Headed This Way.

The thieves who robbed the Carrollton postoffice last week got away with \$500 in money and supplies. They are believed to belong to the gang who have been following Buffalo Bill, and are headed for the river. The authorities in river towns have been warned to look out for them.

Almost 500 persons were present at the laying of the corner stone of St. John's Evangelical Lutheran church yesterday afternoon.

An East Liverpool man, posing as a genuine old sleuth, was in town yesterday hunting Toronto's police force to assist him in nabbing several of the ferocious highwaymen who have been operating in this vicinity, and whom he said had been located here. The would-be detective told every stranger his business, winding up with, "we get 'em every time," but from all appearances he already "had 'em." Marshall Baker accommodatingly assured the sleuth that he would hunt them down, and the detective returned home perfectly satisfied. —Toronto Tribune.

IN CRIPPLE CREEK.

A Former Resident of This City is Gathering Gold.

It is said that a young man of this city, who left between two days some time ago, has settled in Cripple Creek, and is now engaged in the pleasant pursuit of gathering gold. His friends say he has an unusually good opportunity for a stranger, and is determined to make a fortune if it can be done by hard work.

BURNED THE SALOON.

A Wellsville Place Went Up In Smoke Yesterday.

Fire was discovered in Bruggemeyer's saloon on Third street, Wellsville, about 1:30 Sunday morning, and the depart-

ment was hastily called. The building was badly damaged and a great deal of liquor destroyed. The origin of the fire is unknown, and the loss will amount to \$1,600. The building is insured for \$1,000.

CHASED A BURGLAR.

Will Specht Followed a Man With a Shotgun.

Thieves attempted to enter the house of Benjamin F. Specht, Elm street, last night.

The family were away from home with the exception of two daughters, who were sitting on the porch in the front part of the house. About 10:30 a man walked up to the porch, and almost ran into the young ladies. He said nothing, but turned and went away. In a short time the girls heard a noise at the back part of the house, and upon looking saw a man peering in at a window. They started to alarm the neighbors, but met Will Specht, who was returning home. He entered the house, and going to the back door threw it open in time to see a fellow make his way toward the coal house. The man hid himself behind the coal house, and Specht went back into the house for a shotgun. Securing the weapon, he started for the coal shed, but the man ran away and had a good lead, going down Robinson street at a rapid rate. People who were passing along the street saw the man running, but did not think anything of it until they saw Specht coming over the hill with a shotgun.

TAKING A REST.

The Lawyers Will Commence the Annual Loaf on Thursday.

The Southern Columbiana County Bar association will begin their annual vacation on Thursday, and will close their offices until Aug. 10. Solicitor Grosshans will go to Atlantic City for a few days, and will then visit eastern cities, taking a trip up the Hudson before he returns. H. E. Grosshans leaves this afternoon for New York City. A. W. Stevenson will go to Atlantic City. J. H. Brookes will visit the principal eastern cities. W. B. Hill will go to Marquette. W. M. Hill will spend a week with Company E in camp, and from there he too will go to Marquette. Col. H. R. Hill will go to Chautauqua, and John McGarry will take a trip up the lakes.

THE CHELSEA TROUBLE.

All Sorts of Rumors Are Floating Around Cumberland.

"It is said that the Chelsea China company will use up their present stock of clay and shut down indefinitely," says the Cumberland Independent. To this the Toronto Tribune adds: "It is understood from reliable sources that there are serious disagreements existing between several of the heaviest stockholders of the Chelsea, and which could not be satisfactorily adjusted at a meeting held the other day in the company office."

The story was circulated in this city today that the heirs of the late Mr. McKelvy were anxious to get their money out of the plant, and wanted to wind up the business of the concern.

DRINKING PARTIES.

A Favorite Sunday Amusement Becoming More Popular.

A farmer who resides a short distance from the city is responsible for the statement that drinking parties are becoming more popular with East Liverpool young men. He yesterday saw a number of wagons, each containing a quantity of beer, pass his place. They were invariably followed by a party of young men, who sought some secluded spot, and spent the day in drinking and carousing. They greatly annoyed the farmers, and the gentleman was wondering what means he could take in order to kill the practice.

HIGHWAYMEN IN CUMBERLAND.

They Held Up a Party of Peddlers on Saturday.

New Cumberland is somewhat excited over the fact that three peddlers were held up by highwaymen last Saturday night. The peddlers were stopped by four masked men at the outskirts of the city, and told to hold up their hands. One of the peddlers ran, but the other two were searched, and \$75 taken from them. The thieves are known to the authorities, and will be arrested as soon as they can be found.

WANDERED AT WILL.

Harry Sutton Fell Down a Flight of Stairs While Asleep.

Harry Sutton, a well known young clerk, is a somnambulist, and today suffers from the effects of a fall. He arose from his bed on Saturday night, and walked around the house. During the walk he fell down a flight of stairs, and injured his leg. The hurt is not serious.

NO RECEIVER CHOSEN

Street Railway Company Settled With Its Opponents.

THE APPLICATION WITHDRAWN

Judge Johnson Was Ready to Hear the Arguments—Petitions Were Liberally Signed on Saturday—They Ask the Commissioners to Compromise.

It will not be the fault of the people of East Liverpool and Wellsville if the street railway company and the county commissioners fail to reach an amicable adjustment of their affairs without going into court.

The case is listed for trial, but an effort is being made to settle today. W. M. Hill spent the greater part of Saturday afternoon in circulating a petition asking the commissioners to settle, and impressing upon their minds the importance of the line to the southern part of the county. The number of signers secured in this city was 280, while Wellsville gave 250, and the East End showed its appreciation of the line by adding 100. The great majority of these are business men and individuals of importance in the community. All are deeply interested in keeping the line here, and would like to see the matter settled. The attorneys will meet this afternoon and discuss the case, and, if possible, an agreement will be made.

The motion for the appointment of a receiver for the road was argued in Youngstown on Saturday afternoon.

The attorneys were all present, and Judge Johnson was on the bench. No receiver was appointed, nor did the application go to a hearing. An attempt to settle the matter was successful, and the people who wanted a receiver to look after the business of the company decided to withdraw the application. Judge Wells appeared for Hannah Hannahan and Judge Blandin for the company. The terms of the settlement are not given out. This removes a stumbling block from the way of the company, and allows them to keep their hands on their own business.

LEVIED ON THE PROPERTY.

A Pittsburg Paper is After Hartley Ellis.

Some time ago Hartley Ellis, the agent of the Pittsburg Dispatch in this city, had some trouble with the company, and they sued him in addition to depriving him of the agency. Then Ellis brought suit for damages in the sum of \$5,000, but was beaten in court. The paper got a judgment, and Deputy Supplee came from Lisbon on Saturday evening and levied on the property. The bill amounts to about \$500.

BEYOND CONTROL.

A Street Car Got Away From the Motor-man.

When Motorman Christie was taking a car down the Washington hill on Saturday night it got beyond his control, and had soon attained a high rate of speed. E. H. Laughlin, of East End, was the only passenger, and he jumped when the car was near Second street. He was not hurt, but he lost his watch. The car kept the rails when it reached the curve, and there was no other damage.

ROUTINE BUSINESS

Was Transacted by the Poultry Men at Their Meeting.

The Tri-State Poultry association met in city hall Saturday night, and transacted some business. Only a few routine matters were acted upon, and another meeting will be held in two weeks. Frank Knowles resigned the office of treasurer, and Charles Howe was elected to fill the vacancy.

Not Yet Called.

The Methodist Protestant congregation have not yet called a minister to fill the place of Reverend Whitehead. There is a possibility of the delegate being sent without instructions to the conference, in which event the church will be supplied until a suitable pastor can be found. Some action may be taken at the congregational meeting next Sunday.

Headed This Way.

The thieves who robbed the Carrollton postoffice last week got away with \$500 in money and supplies. They are believed to belong to the gang who have been following Buffalo Bill, and are headed for the river. The authorities in river towns have been warned to look out for them.

READY FOR THE FAY.

Chairman Kurtz, of the Republican state committee, will open the headquarters in Columbus during this week, and the work of convincing the people that they should support McKinley, Hobart and sound money will begin. It is announced that the campaign in Ohio will be aggressive from the start, and the literary bureau will be made an important feature. It is known that the silver men will fight hard to win the state, but they will be met at every turn by the forces of honest money. No date for the formal opening of the campaign has been decided upon, but it is thought that Sept. 1 will suit all the interested parties. The place has not yet been selected, but there is a strong sentiment that it should be Canton, the home of the greatest name on the ticket. The Republican leaders will waste no time this year. They realize the necessity of substituting truth for the unreliable arguments of the Bryan forces, and will educate the people to the necessity of supporting the true doctrine.

ONE RESULT.

Financial circles are already frightened, and the rate of exchange has advanced to that point where gold shipments will soon become profitable. There is no denying that the east is in an unenviable frame of mind. Not knowing the real condition, and fearing the power of the free silver men, those who are in business have already commenced to meet the results of a free coinage law. Something over \$2,000,000 in gold was withdrawn from the treasury for shipment last Saturday, and it is asserted that more will follow during this week. The reserve is steadily falling, and it will not be long until it has passed the danger line so closely drawn by President Cleveland and his financiers. It is openly asserted that a portion of this gold is not to be used in the legitimate channels of trade, but is being hoarded by those who think the yellow metal will soon be at a premium. They see an opportunity for profit, and hope to realize handsomely. If this continues business will suffer to even a greater extent than in the past, and the country will be given a lesson before the election takes place. Already the result of the Altgeld-Tillman convention is being felt.

THE POPS WRANGLING

Three Factions, Each Wanting Its Own Way.

BOLT OF UNCERTAIN SIZE LIKELY.

One Crowd Wants Bryan Nominated. Another Wants a Working Agreement With the Democrats—Others Oppose Fusion in Any Form.

St. Louis, July 20.—Few of the delegates to the Populist convention have arrived, but among the leaders who have reached the city a very bitter war has already developed. They seem to be aligning themselves for a three-cornered fight: first, those who favor a straight endorsement or nomination of Bryan and Sewall which will bring to the Chicago ticket the support of the Populists; second, those who desire a fusion electoral ticket which will maintain the Populist party organization intact and place the leaders in a position to demand recognition in the event the ticket is successful; and third, what are known as the "middle-of-the-road" Populists who favor an independent platform and ticket and who oppose fusion in any form. The latter, if present indications count for anything, will eventually be overruled.

The "middle of the road" men, however, will prove strong and valuable allies of the leaders of the second class, who seem determined to preserve their party organization at all hazards, but who profess an earnest desire to combine all the silver strength if a way can be found to give them recognition. The real fight, it is believed, will come between this faction and those who are in favor of putting behind them for the present all pride of party for the sake of the cause of silver to which they are pledged.

Chairman Taubeneck, the chairman of the middle wing, has given out a statement outlining the plan of fusion. He is willing to join hands with the free silver Democrats. But even with fusion electors he wants a set of Populist nominees, the purpose being, if this plan is carried out, to elect Bryan president and a Populist vice president. Taubeneck's interview met with a storm of protests from the faction which advocates a straight endorsement of Bryan and Sewall as the only chance of solidifying the silver forces and gaining victory.

Mr. Patterson, of Colorado, who heads the regular Colorado delegation, came out in an interview in which he denounced Taubeneck's plan as not only impracticable but impossible. He declared that insistence upon such a plan would savor of a deal and jeopardize the cause of silver, to which all professed to be and should be devoted. While he counselled the maintenance of the Populist organization in the future, he went so far as to intimate that those who now sought to place it above the cause of silver were looking to their personal advancement, and such loaves and fishes as might come to them with the advent of a silver administration.

Among those Populists who have arrived from the south there is much opposition to the plan of endorsing Bryan and Sewall without conditions. Senator Butler of North Carolina, who heartily favors harmonizing all the silver elements as the only way to win, points out the strong enmity between the Populists and Democrats in the south and expresses the opinion that unless the Populist organization is recognized in the fight, through fusion electors, it will be impossible to secure the support of the rank and file of the Populists of the south for the Chicago ticket.

George F. Washburne, of Boston, chairman of the eastern wing of the Populists, has returned from a visit to Mr. Bryan at Lincoln, where he went presumably to confer with the candidate concerning his endorsement of the Populists. He was outspoken in his expression that the Chicago ticket should be endorsed and the people be given an opportunity to express a clear verdict on the issue.

All the indications are that the convention will be a very lively affair, with the certainty of much bitter wrangling, the probability of some sensational incidents, and of a bolt of larger or smaller dimensions, no matter what the ultimate decision of the convention.

The leaders of the American Silver party who are here appear to be all of one mind—that Bryan and Sewall should be endorsed. Victory for silver is their slogan, and they oppose anything which will tend to cloud the issue or divide the silver strength. They ex-

pect by their action to exercise a strong influence over the other convention, and especially as they seem to be a disposition to arrange joint compromises of the silver and Populist leaders.

GENERAL COXEY HAS A PLAN.

He Wants the Electoral Vote of the Silver Parties Combined.

St. Louis, July 20.—General Jacob S. Coxe, who is a delegate-at-large from Ohio, is not in favor of endorsing or taking the course proposed by a great many of the Populist leaders of "nominating," instead of "endorsing" Bryan. He thinks a straight ticket should be nominated, but is pushing a plan which, he says, will unite the silver vote against the gold vote. It is to have electors selected pro rata, according to the votes cast by the parties whose national conventions have declared for silver.

That would give the Democrats, the Populists and the Prohibitionists each representation in several states. He wants these electors put on one ticket. When the electoral college meets the highest vote, he says, should name the president, and the next highest the vice president. This would give the Populists the vice presidency if the scheme should be adopted. General Coxe will press his plan before the convention.

THE SPANIARDS DEFEATED.

Rebels Win an Important Battle and Capture a General.

KEY WEST, July 20.—The Spaniards under General Suarez Inclan have sustained a crushing defeat at the hands of the insurgents under Antonio Maceo. Not only was Inclan's column defeated but it is reported that the Spanish general himself was captured.

It is said the Spaniards were pursued about to the trocha and lost more than 300 men killed and wounded. There were 14 officers among the killed.

ARGUES FOR BRYAN.

Hon. T. M. Patterson Replies to Chairman Taubeneck.

FOR PRINCIPLE ABOVE PARTY.

The Silver Cause Demands the Nomination of Bryan and Sewall by the Populists—Little Difference Between Chicago and Omaha Platforms.

St. Louis, July 20.—Hon. Thomas M. Patterson, chairman of the regular Colorado delegation to the Populist convention, has arrived and with others immediately began a crusade in behalf of the nomination of Messrs. Bryan and Sewall by the Populist convention. Mr. Patterson and his coadjutors have prepared and issued an address in reply to Chairman Taubeneck's appeal issued Saturday to maintain the autonomy of the party by taking action against the nomination or endorsement of the Democratic candidates. The address of the Bryan followers, as prepared by Mr. Patterson, is as follows:

"We agree with Chairman Taubeneck that the all absorbing question with Populists, and should be, how can they assist in the speedy restoration of silver to its former place, and at the same time maintain and advance this party organization. We believe that the People's party is necessary to the country, and that should it be disbanded or become inconsequential for want of numbers, the money power would soon re-sume complete sway over both the old parties, and the masses be deprived of a protector from the greed of corporations, trusts and syndicates.

"But we emphatically disagree with him as to the means by which these ends are to be secured. To nominate an independent ticket, one in opposition as much to Bryan and Sewall as it would be to McKinley and Hobart, would not only make it impossible to restore free coinage of silver during the lifetime of the youngest in the coming convention, but it would practically annihilate the People's party, so far as followers are necessary to make a party. The leads might hold frantically to the organization during the campaign, but at its close they would find its followers in full fellowship with the Democratic party, and having voted its ticket under the name and emblem of that party, if Bryan should be elected, they would find little obstacle to continuing with it.

"Instead of nominating others, the Populist convention should nominate, not 'endorse' Bryan and Sewall. The convention should make these two men its own nominees—the party nominees. It should adopt its own platform of principles and place them upon it as their choice for president and vice president. Having done this delegates can return to their homes and looking constituents in the face, say: 'We have made this partial sacrifice of party pride to make certain of the enactment into laws of one or more of the great measures for which our party has struggled. In doing this we have proven that our party stands ready to do whatever is necessary to secure practical relief to a suffering country, even to the extent of supporting candidates nominated by other parties. No greater test of party devotion to principle can be devised, and measured by that test, the People's party is pre-eminently worthy of the people's confidence and support.'

"The proposition of Mr. Taubeneck that whenever one party endorses the national ticket of another it has 'no further use to exist,' is wholly without precedent to sustain it. The chairman's logic is simply this:

"The restoration of free coinage of silver is known to be absolutely necessary to bring back the country's departed prosperity. The Democratic and People's party are both agreed upon this, and some other vital questions, but otherwise they differ. The Democratic party adopts a platform and selects presidential candidates pledged and known to be sincere in advocacy of these vital measures. The Republican party is pledged to measures the extreme reverse of those upon which Democrats and Populists agree, and unless Democrats and Populists unite the Republican party will win and its policy of ruin indefinitely continue.

"It is strange logic, indeed, that the People's party must die because it does right; that it must die because it is great, and magnanimous and patriotic enough to go outside of its own ranks for a presidential candidate for one who though not a Populist in name, is in deepest sympathy with it for most cherished and vital measures to remove a great and blighting curse from the country."

Mr. Patterson then denies that fusion would interfere with Populists' local tickets throughout the country.

He does not believe that, if elected, Mr. Bryan would refuse patronage to Populists, if they helped elect him.

He also argues that fusion would strengthen the Populist press.

He further says: "Grant that the Democratic party will not be likely to provide for paper money that is not redeemable in coin; but Mr. Taubeneck is mistaken in his claim that outside of free coinage for silver, all other reforms advocated by the People's party will be forced to await the formation and victory of some new party pledged to this support. If he will read the Omaha platform and compare it line for line with the platform upon which Mr. Bryan was nominated he will find that the latter makes solemn pledge to the country of every reform advocated in the former except flat paper money; government ownership of railroads and the sub-treasury scheme, which latter measure the Omaha platform itself discredited."

Mr. Taubeneck's plan to become an ally of the Democratic party by nominating a ticket, but having one set of electors in each state to insure the Populists either the president or vice president, and a part of the patronage, Mr. Patterson calls an "iridescent dream." Democrats, he says, know Populists and silver Republicans will flock to their standard, despite the action of the Populist convention. Also, to make such an agreement, another Democratic National convention would have to be called.

POOR CONDITION OF FRUIT.

Reported In a Bad Way Throughout the Country.

WASHINGTON, July 20.—Generally poor condition of fruit throughout the country is announced in the agricultural department report just published. Apples declined in condition from 71 to 64.6 during June. Prospects for excellent crops still continue in New England, New York, Pennsylvania, Michigan and Iowa. Conditions are also very fair in Nebraska and several of the mountain states. In other parts of the country the condition of the crop is far below the average, being lowest in the Atlantic coast states, where percentages are generally below 50. In the Ohio valley and certain of the Western states not yet referred to the figures are somewhat higher, but nowhere above 67, which is the percentage returned for Illinois and Missouri.

The peach crop promises to be of medium proportions. During the past month a fall of 12.9 points has taken place, leaving the general average now 51.8. Good crops are expected in Delaware, Maryland, Ohio, Michigan, Illinois, Indiana, Kentucky, Missouri and Kansas. The crop has suffered considerably in California, as is shown by a condition of 75, which is lower than any July condition in that state since 1890. In New Jersey the fruit is falling badly. The Connecticut and New York orchards promise very little fruit, and in Pennsylvania the condition is no better than in contiguous New Jersey, standing at 52.

TOWN OF CHESTER.

LOCAL BREVITIES.

A party of married people will take a trip to Mackinac this week.

G. W. Dalrymple has moved here from Portland, and will establish a business.

The United Presbyterian Sunday schools of the Ohio valley will picnic at Rock Point next Monday.

A man who has lived in the valley for over 60 years says that he never knew a summer with so much rain.

The Moonlight Social club will dance tonight at Bradshaw hall. A professor from Pittsburgh will introduce several new dances.

Additional forces were added to the working number at several potteries in town this morning, and a large number of men are now employed.

A number of young people from here will attend the national convention of the Young People's Christian Union societies to be held at Omaha next month.

Saturday was unusually dull, and business men were complaining. Some money was paid out in wages, but the amount was so small that it had little effect on business.

Reverend Carson, of the African Methodist Episcopal church, yesterday took part in a campmeeting at Saltsman grove, near Toronto. A number of people from this city were present.

The case of the Eagle Hardware company against Emily Mumford was decided this morning by Squire Manley in favor of the plaintiff, and judgment was rendered for \$25.04 and costs.

All the packets passed up on time yesterday, carrying good cargoes of freight. The Ben Hur went down shortly after noon today, and the Keystone is due down at 9 o'clock this evening.

Towns down the river that are supplied with the telephone service, in which McGhie & Moore are interested, will soon be connected, and the system placed in good working condition.

Frank McNutt, while riding a bicycle on the East End road Saturday evening ran into a mud hole and took a tumble. When he picked himself up he was covered with mud from head to foot, but not hurt.

The proprietors of local hostleries complain of a lack of business. The number of commercial travelers visiting the city is less now than it has been for months, and not for three years has trade been so dull.

A team of horses hitched to a hay wagon became frightened at a street car on Sixth street this morning, and only by the quick work of several bystanders was a runaway averted. The driver had lost control of the animals.

A street car going west jumped the track in the West End early last evening, and several women passengers screamed lustily with fear. The car was soon placed on the rails again, and traffic was delayed but a short time.

Squire J. N. Rose writes that he don't like Indianapolis, and has resigned his position. He will move here the first of the month, and will take up his duties as justice of the peace, not having resigned the office when he left the city.

A large crowd of young people boarded the Virginia Saturday night, and went as far as Wellsville. A number of persons from this city also journeyed to Steubenville, and attended the reopening of the Episcopal church of that place on Sunday.

A couple of young men from Pittsburgh rode their bicycles to the city yesterday. On the trip one of them sprained his ankle. As the roads were in poor condition the strangers went home on the Keystone State.

Wallace & Hill the contractors at present engaged in building two brick kilns at Lewis Run, near Bradford, Pa., have almost completed the work, and expect to arrive home soon. Mr. Wallace and son may stop at Niagara Falls before returning.

A young lady learning to ride a bicycle amused the residents of the alley between Third and Fourth streets Saturday evening. The wheel started down hill, and she was unable to stop it. Her cries brought several people to the rescue, and the bike was stopped without any damage being done.

A young man was exhibiting to his friends a non-breakable hat at Spring Grove on Saturday. He picked it up, and to prove his theory, hit it with his fist. It went clear through the crown. As the hat was a new one the young man was very much disgusted, while the parties who had been watching the test smiled gently.

A letter received from the Anglers states that they experienced a heavy rain while going over the mountains, but that it stopped long enough for them to get their tents up. They say they caught 40 fish the first day, the largest one being credited to Joe Wilson and weighing three pounds. Snakes are not abundant, and they have not seen any.

The potteries down the river have started the season very well. Tiltonville is working, and the La Belle, at Wheeling, has commenced to make ware. The Warwick and the North Wheeling will be placed in operation this week. The Steubenville pottery was operated in full last week with the exception of the decorating force. Some decorators did not go to work until today.

"Persons having normal vision will be able to read this paper at a distance of 14 inches from the eye with ease and comfort; also will be able to read it with each eye separately. If unable to do so your eyes are defective and should have immediate attention. When the eyes become tired from reading, writing, or if the letters look blurred and run together, it is a sure indication that the glasses need to be refitted. The lenses in the cheap goods are of unequal density and have imperfectly ground surfaces. Continued use of these glasses will result in permanent injury to the eyes and the consequent loss of vision. It is of paramount importance to have the correct vision upon the lenses of spectacles to supply the defects in the eyes."
